KITCHEN ACCESSORIES

# Experience innovation up close!

New ideas and intelligent solutions bring fascinating kitchens to life. Discover our new products at area30! For example, the new PickUP ceramic sink series. Or new intelligent assembly aids as well as exciting, energy-efficient and convenient ventilation solutions for efficient houses.

## We are innovation leaders!

Naber is one of 3,500 German companies that have been recognised for their pioneering research and development. You are an important inspiration for our more than 200 patents and registered designs! We look forward to speaking to you personally.

## Your admission ticket:

Visitor registration can be accessed via the trade fair organiser's website at [www.area-30.de](http://www.area-30.de). After registration you will receive an e-ticket for quick admission.
