

Health & Safety Policy Statement

George UTZ Limited is committed to ensuring the health, safety and welfare of all individuals affected by our activities as a manufacturer of reuseable plastic packaging systems, through the implementation of our integrated management system that meets the requirements of the ISO45001:2018 standard.

Our mission is to eliminate the causes of accidents and incidents to prevent injury and ill-health.

We are committed to achieving this by:

- Putting health, safety and welfare at the forefront of the management and operation of our business.
- Continually striving to improve our integrated management system to eliminate hazards and reduce risks.
- Providing adequate resources, including competent employees, suitably maintained equipment, and sufficient information, instruction, training and supervision.
- Complying with all relevant health and safety legislation relevant to our company and adopt best practices for all activities.
- Investigating and correcting all reported near misses and accidents using competent individuals.
- Maintaining a safe workplace without health risks, including providing a means of access and egress, with adequate facilities and arrangements for employees' welfare.
- Improving our health and safety performance through the identification and assessment of hazards and risks, and the implementation of the hierarchy of control, and setting objectives based on these factors.
- Promoting safety culture and communication by providing communication systems and consulting with employees on health and safety matters.

This policy is communicated to all employees and subcontractors and is available upon request for all suppliers and interested parties.

Any individual working for or on behalf of the company is expected to comply with all legal obligations placed upon them, and adhere to and assist with, the implementation of this policy, whilst ensuring that their own work, so far as reasonably practicable, is carried out without risk to themselves or anyone who may be affected by their work or our operations.
